PROFESSIONAL SUMMARY

BCA graduate with hands-on experience building responsive, HTML/CSS/JavaScript-driven web applications and REST APIs across React.js, PHP, and Node.js, including HTML email template development for a college email campaign project. Comfortable working with modern client-side and server-side web technologies, databases, and HTTP-based services. Adaptable and flexible, with strong problem-solving skills and agility for quick learning, along with a track record of independently completing 2 full-stack and frontend projects end to end.

CORE SKILLS

- Markup & Styling: HTML5, CSS3 (Flexbox, Grid, responsive/cross-device design), Bootstrap, Tailwind CSS
- Client-side: JavaScript (ES6+), React.js, React Hooks
- Server-side & APIs: Node.js, Express.js, PHP, REST API design and development, HTTP request handling
- Database & Tools: MongoDB, MySQL, Git, Postman
